## EXQUISITE NEW ROOMS AT SANTHIYA OFFER UNRIVALLED VIEWS AND SUNBEDS WITH A TWIST

July 2009 - On the quiet north-eastern tip of Koh Pha-ngan, set within lush tropical gardens overlooking a sandy bay, lies Santhiya, a unique hideaway which celebrates its third birthday on 29 June. To coincide with the anniversary, an exciting development of 20 rooms will be unveiled, offering luxurious accommodation with cascading waterfalls and a picturesque lagoon. Situated high on the hillside, all the new rooms feature spacious private verandas. In addition many benefit from direct access to a tranquil infinity pool, where guests can soak up the sun and enjoy the view from the comfort of hand-crafted floating sunbeds, designed in the style of traditional Thai boats.

The new 'Santhiya Supreme Deluxe' rooms have been designed in keeping with the resorts traditional Thai style, featuring intricately carved wood, rich fabrics and handcrafted furnishings to create an authentic ambience. All accommodation is constructed in harmony with vegetation, using natural materials to create a relaxing and calming environment, with stunning views over the picturesque bay.
